At RMG, our mission is to capture attention,
inspire action and engage audiences with
stunning visuals and real-time data displayed
to the right audience at the right time.

Reach Your Goals With Intelligent Visual Communications

As a global leader in intelligent visual communications, RMG extends beyond industry limitations to capture attention, inspire action, and engage audiences with high-impact visuals and real-time data displayed to the right audience at the right time. We're proud to serve more than 50% of Fortune 100 companies across a wide range of industries.

With more than 35 years of expertise in delivering digital signage solutions, RMG can help you reach your goals with cutting-edge technology, stunning creative and innovative strategy.

Join the thousands of customers worldwide using RMG's Award-Winning Intelligent Digital Solutions.

End-to-End Services For a Total Visual Solution

Software - From increased protection from security breaches to tracking social media in real time, our software suite offers comprehensive content management at your fingertips.

Hardware - Suitable for a wide range of applications, RMG MAX, our LED-display visual solution offers outstanding clarity and longevity in an energy-efficient package.

Services - Our creative and professional services teams join forces to provide exceptional work in design, support and strategic communications.

90% of executives understand the importance of employee engagement, fewer than 50% understand how to effectively address the issue.

- Gallup

Improve Efficiency And Engagement

RMG has more than 35 years of expertise in delivering digital signage solutions to increase organizational productivity, efficiency and engagement. We can help you reach your goals with intelligent visual communications.

Connect to All Points Of Your Business

Our intelligent software targets audiences with the right message at the right time through the right device. Reach consumers or employees with customized messaging regardless of how many or where they are located, using digital signage, desktop or mobile.

One-to-One: solutions allow direct targeting. Target messages to get critical information to a specific person.

One-to-Few: Segment your audience and deliver messaging to different locations, departments or groups.

One-to-Many: Our solutions allow you to connect all areas of your business on a global scale.

Beyond visionary might, technology
is pushed to new frontiers.

Companies show a 29% increase in profit when **communication reinforced strengths.**

- Gallup

Solutions Across Multiple Market Segments

Internal Communications - Propel your organization to the next level of productivity with engaging and intelligent solutions for visual internal communications.

Contact Center - Realize call center performance goals and keep track of KPIs with visual contact center solutions to maximize efficiency and customer satisfaction.

Supply Chain - RMG visual supply chain solutions give managers and employees real-time visibility of workforce productivity and bottlenecks for maximum efficiency.

Retail - Take your visual merchandising strategy and sales to a higher level with a differentiated, unique shopping experience that makes customers eager to return.

Hospitality - Reach new heights in guest satisfaction with stunning displays and innovative solutions to create an immersive hotel experience.

Flexible, Reliable and Secure Data Integration

Built-in data collectors extract critical fields, synthesize the important data and format it for simultaneous display on multiple endpoints. Information services include:

- Automatic call distributors, interactive voice response systems
- Service desk management
- Event management systems
- Scheduling & calendaring systems
- Warehouse, labor and transportation management systems
- Network management systems
- Homegrown systems

Studies show that organizations that use gamification techniques have 147% more growth, 35% less staff turnover, and a workforce that is **37% more engaged than those who don't.**

- Gallup
